

Faculty Lounge Sessions

The Faculty Lounge is a space where faculty members attending the conference come together to network, share resources, and make connections with new colleagues or re-connect with long-time colleagues! There are several events scheduled in the lounge space. We hope you can join us in the **Seattle Convention Center - Summit 430** for the following events listed below.

We invite all faculty of color to gather, build community, and discuss aspects of their faculty journey. Junior faculty of color can expect to learn more about success strategies in navigating tenure promotion, the benefits of merging research and service projects, and ways to set effective boundaries that maximize time and energy. Tenured faculty of color can expect to learn more about what Junior faculty are navigating in a post-pandemic era, best practices for meeting the diverse needs of today's students, and innovative strategies for student engagement inside and outside of the classroom.

12:30-1:20 p.m. - Sharing Our Teaching and Learning Activities

We invite you to bring an activity that you use in one of your graduate level preparation courses to share with colleagues. Thinking of new and innovative ways to engage with our students can be enhanced when we collaborate. We will also address how to cite activities in our syllabi to provide credit to the individuals that developed the activities.
